Background check agents working locally in their community is a new and innovative service created by Info Cubic to address the growing needs of small business owners. Your local agent will assist you in creating your business screening policy and you will immediately have the protection that Fortune 100 companies enjoy.

Denver, CO ([PRWeb](#)) July 17, 2008 -- Info Cubic, a world-wide employment screening company headquartered in Denver, has developed a network of agents delivering protection packages to businesses and organizations across the United States.

Info Cubic's "Local Agent" personalized service network helps business owners comply with laws and establish policies protecting their organizations from career criminals and people who target the elderly and children. Background screening is an essential hiring tool in verifying if a person is who they claim to be. Verification helps business owners identify if a potential employee is someone who could harm the organization through criminal behavior, fraud, embezzlement or physical harm to employees and customers.

Background check agents working locally in their community is a new and innovative service created by Info Cubic to address the growing needs of small business owners. Through personalized service, the company helps employers and organizational management keep up with hiring laws. A small business can be shut down for violations to immigration laws, suffer great financial hardship in negligent hiring lawsuits. A business owner can make one mistake and hire someone who has a fraudulent resume and it can cost the organization greatly.

Small Business Group Rate discount background-screening packages are delivered through contact with an Info Cubic agent. To find your local or regional agent, call Info Cubic at 1-877-360-4636

Info Cubic's local agents will contact you and forward a link which will give you the registration process and access to the discounted programs. You will have access to the Info Cubic world class customer service center. Your local agent will assist you in creating your business screening policy and you will immediately have the protection that Fortune 100 companies enjoy.

Info Cubic is looking for additional independent agents located near business centers around the United States. If you would like to consider joining the Info Cubic business development team by becoming an independent agent, contact the business development office at 1-877-360-4636.

In today's society we must protect our assets, data, and people. Employers must hire wisely through timely background-screening. Agents can also help landlords, child, and elderly care giver organizations and any other group which hires people or manages volunteers. Call Info Cubic today and have your own employment background-screening agent.
